**CAREER SUMMARY**

An Electronics and Communication student seeking to pursue a carrier in the field of Robotics, embedded systems and design.

EDUCATION

- **Undergraduate (current)**
B.E (Electronics and Communication) | BMS College of Engineering, Bangalore | Visvesvaraya Technological University | CGPA 9.47 (6th sem) | Passing Year - 2020.
- **Pre-University (class 12)**
Vijaya Bifr PU College, R V road Bangalore | NCERT (PCME) | Aggregate 89.16% | Year - 2016.
- **10th SSLC**
Bangalore Higher Secondary School, R V road Bangalore | State Board | Aggregate 88.64% | Year - 2014.

PROJECTS

1. **ARDOP Humanoid robot 3rd generation (current)**
— Autonomous Robot Development Open-source platform. A Humanoid robot capable of doing pick and place of a required object using the vision, kinematics and localization principles, working under Propel Lab-1 R&D department BMSCE.
 - (a) Vision system by object detection and depth estimation using kinect camera sensor.
 - (b) Localization by mapping the environment for autonomous navigation, and integrating by using ROS.
2. **Mocking Bot** 
— A robot plays the music using Machine learning and Audio processing principles.
 - (a) A machine leaning model is developed to classify the instruments, frequency of music notes and onsets are determined.
 - (b) That data is transferred to controller board to play the music.
3. **Maze solver robot with Flood fill Algorithm** 
— Implemented using Atmega 328 Microcontroller, 8 IR array sensor for line detection. It has two parts dryrun and path tracing:
 - (a) In dry it covers all the nodes and get the status of each and every node.
 - (b) After dryrun the algorithm is applied and path tracing starts.
4. **Two wheel Balance Bot**
— A DMP (Digital Motion Processing) algorithm by InvenSense is used for MPU6050 sensor to get the yaw pitch roll values of the current position of the bot, based on the pitch value bot is actuated with forward and backward motion. Controller used Atmega 328(Arduino Nano).
5. **Gesture Controlled Robot**
— It has two parts transmitter(hand) and receiver(Bot):
 - (a) A sensor accelerometer is used in transmitter and based on X and Y value from the sensor, direction command is transmitted to bot part.
 - (b) The data received from the transmitter is passed to the controller and command is written to the actuators(motors).

6. MINI projects

1. Portable Function Generator using MULTISIM simulation software.
2. Smart Parking system using Logic gates.
3. Smart laser locking unit for border security purpose using NodeMCU module.

INTERNSHIP experience

- **e-Yantra, ERTS Lab, IIT Bombay**
— Developed an client side application to automatically evaluate the c codes of line following tasks of eyantra robotics competition using V-REP (Virtual Robot Experimentation Platform).
- **TATA POWER SED Private limited**
— Worked on Electromagnetic Interference and Compatibility (EMI and EMC).

TECHNICAL SKILLS

- **Programming Languages**
—**Proficient:** Embedded C, Python, Verilog
—**Intermediate:** 8051 Assembly language, Java, MATLAB
- **Hardware Knowledge**
8051 microcontroller, Arduino, Atmega 2560, ARM7, Cortex M3, NodeMCU ESP8266, RF and bluetooth modules.
- **Software Knowledge**
Xilinx Vivado, Cadence Virtuoso, TensorFlow, simulink in MATHLAB, Multisim, ROS kinetic, Atmel studio, Arduino.

Co-curricular activities

1. **4th Place** | eYantra Robotics Competition 2019, IIT Bombay | Mocking Bot
2. **1st Prize** | National Level Robotics Championship 2018, IIT Kharagpur | Maze solver robot
3. **Workshop on App controlled bot** | Conducted workshop on wireless controlled bot by bluetooth communication | BMS College of Engineering
4. **Robotics competition** | Perfect Machine | Participated in 2016 NITK Surathkal
5. **Huawei Scholarship Award** | For scoring top in ECE department | BMSCE

Extra curricular activities

- **Department Volunteer** | Phase Shift 2017 and 2018 | National Level Annual Tech Symposium | BMS College of Engineering
- **Volunteer at Polg Run** | Held on 2nd october 2018 at Bangalore
- **Publicity Manager at UTSAV 2017** | BMSCE Cultural Event

Personal Details

- **Father's Name:** MURALIDHAR K S
- **Mother's Name:** MANJULA K M
- **Sex:** Male
- **Date of Birth:** 30 October 1998
- **Nationality:** INDIAN
- **Marital Status:** Single
